

To all the amazing The Tannery customers,

We're so excited to introduce ourselves as the new owners of The Tannery!

We're Jonathan and Jasmine, and we truly couldn't be happier to continue something that has meant so much to so many people over the years. From the moment this opportunity came up, we knew The Tannery was something special.

We both grew up here in Helena and, like a lot of people, spent some time away before finding our way back home. I've also been close friends with the previous owner, Stacye, for over 30 years, which makes this new chapter even more meaningful for us.

We want all of the loyal clients to know that the welcoming atmosphere and great experience you've always loved will absolutely stay the same. At the same time, we're excited to bring in some fresh ideas, fun new things, and a big vision for the future.

Whether you've been tanning with The Tannery for years or are thinking about stopping in for the first time, we can't wait to meet you and continue building something awesome for our community.

Thank you so much for all the support, trust, and warm welcome already. We truly appreciate every single one of you. Keep an eye out for specials, updates, and some exciting things coming soon!

With gratitude,
Jonathan & Jasmine
The Tannery
